

T 84

Tamper

For compaction of sand, gravel, rock fill and soil with high clay content.

All our machine models are versatile and easy to operate. They are also durable and reliable, which means lower operating and maintenance costs.

- The SWEpac T 84 is a diesel powered tamper suitable for repair jobs and work in areas with limited space such as trenches and building foundations.
- The machine is very well balanced and easy to operate. That means the T 84 is also suitable for minor adjustments in small spaces.
- T 84 is an efficient machine in clay and wet materials.

TECHNICAL DATA

SWEpac T 84

Weight, net	82 kg
Width/length foot	280 x 280 mm
Engine, model	Hatz 1B2C
Volume fuel tank	2.5 liter
Fuel	Diesel
Engine power	3.5 kW (4.8 HP)
Impact force	17.5 kN
Compaction depth	70 cm
Vibrations frequency	10-12 Hz
Hand/arm vibrations HAV according to ISO 5349 on gravel surface	6.1 m/s ²
Noise level Lw	105.4 dB(A)
Noise level at operator, Lp	96.2 dB(A)

Part number

405111

T 84 with Hatz diesel engine

SWEpac is Sweden's leading manufacturer of soil compactors. The company has a wide range of products, with different motor options and a variety of sizes for every application. SWEpac is certified for quality and environmental management under ISO 9001 and 14001, and our machines are Eurotest-certified by SMP Swedish Machinery Testing Institute. You will find detailed information about the company and our products on our website, www.swepac.com. We reserve the right to make changes in technical specifications without prior notice.
